COACH MAHAN GIVES UP POSITION.

Rumored that Trouble with Advisory Council is Cause. Loss will be a Great One to Athletics. Splendid Work put Tech's Athletics on Present High Standard.

John F. Mahan, who has been coach and director of Tech track athletics for six years, resigned his position last evening, this resignation to go into effect at the end of the present school year. The cause of his action is not definitely known, but it is intimated that it was brought about by a disagreement over money matters between Mr. Mahan and the Advisory Council on Athletics.

Mr. Mahan is fixed in his decision in taking such action as he feels that the move is the only way out of the present situation. The letters announcing the intention

JOHN F. MAHAN.

were received this morning by Major F. H. Briggs, chairman of the Advisory Council on Athletics, President Pritchett, managers of the teams, and various others in authority at the Institute. That Mr. Mahan was to make such a move was learned late last evening after he had sent these letters.

The loss of Mr. Mahan will be a great blow to Tech track athletics. "From nothing to something, from the street to one of the best athletic fields in New England," covers the development of Tech athletics in his six years at the Institute. In all this growth Mr. Mahan has been the real moving spirit.

Not only has he been coach and trainer for the teams, but he has

been the founder of the spirit of athletics at the Institute. In all this work he has not only been extremely successful in his athletic work but has made innumerable friends among the Corporation, Faculty, and undergraduates by his sincerity, honesty, and earnestness.

Mr. Mahan was born in Northboro, Mass., 39 years ago, of Scotch-American parents. He went into building trades as a boy, becoming first interested in athletics when 20 years of age. He took up professional running and jumping with considerable success for eight years, continuing in his regular trade.

In 1896 he very successfully coached the University of Georgia track team until athletics were abolished at the school in 1898. He then acted as trainer of the Columbia crew during the latter part of '98 and the year '99. He was in charge of the track work at Dartmouth in 1900 and 1901, coming from Hanover in the latter year to Tech. In the period 1900-3 he attended Dr. Sargent's school of Physical Culture.

He was brought to the Institute to take Tech athletics out of the ridiculous circumstances in which sports were placed. The track team had no field, running being done on the streets in the Back Bay districts. Mr. Mahan built Tech's first track, a 16 lap affair, on \$15 given by Dr. Pritchett. When the corporation secured the land in Brookline for the field, Mr. Mahan was given charge of the designing and building. Every year this field has been improved until now it is the best athletic field in New England outside of that at Harvard. Mr. Mahan also designed and carried out the construction of Tech's fine new gymnasium.

Perhaps it is the manner in which he carried on this work that has made his greatest reputation. Held down to the strictest economy on account of the financial condition of Tech athletics, he built the field for about half what the cinder path at Harvard cost, and saved nearly 55%, according to the state-

(Continued on Page 3)

CONVOCAION TO BOOM BROWN MEET.

Institute Committee Calls Mass Meeting of Students to be Held Thursday at 1.30 P. M. Prexy, Dean, Bursar, Coach, and Others to Speak.

As the Institute is going into what promises to be the closest and hardest fought meet that Tech has ever had, the Institute Committee felt that the dormant enthusiasm of the student body should be awakened and has called a mass meeting of Institute men, alumni, professors, and instructors, to be held tomorrow at 1.30 P. M. in Huntington Hall.

Dr. Pritchett, Dean Burton, and Bursar Rand, from the authorities of the Institute, and Coach Mahan, and Manager Tobin of the track

team have been invited to speak about the Meet.

The meeting has been called largely because of the fact that next Saturday's Meet, if won by Tech, will give the Institute an athletic standing it has never before enjoyed. Brown University is recognized all over the country as one of the shining stars in inter-collegiate athletics. Tech has the team to win and with a cheering, joyous student body behind them, every man will do his best to get the big end of the points.

CALENDAR.

WEDNESDAY, MAY 8.

- | | |
|-----------|---|
| 1.00 P.M. | Meeting of the Executive Committee of the Musical Clubs in the Trophy Room. |
| 2.00 P.M. | Government Inspection of the Freshman Battalion at the South Armory. |
| 5.00 P.M. | Class Day Committee meeting in 27 Rogers. |
| 6.00 P.M. | Annual Dinner of THE TECH at the American House. |

THURSDAY, MAY 9.

- | | |
|-----------|--|
| 1.30 P.M. | Convocation in Huntington Hall. |
| 1.30 P.M. | Weekly Y. M. C. A. Meeting in Parish Hall of Trinity Church. |

FRIDAY, MAY 10.

- | | |
|-----------|--|
| 4.30 P.M. | Basketball, Tech Varsity vs. 2d Team at the Gym. |
| 6.00 P.M. | Annual Tech Show Dinner at the Union. |

NOTICES.

Y. M. C. A.—Professor Dwight Porter will address the weekly Y. M. C. A. meeting in Trinity Parish Hall Thursday at 1.30.

Musical Clubs.—There will be a meeting of the executive committee of the Musical Clubs today at 1 P. M. in the Trophy Room.

Basketball.—The varsity and second basketball teams will play a game at the gym Friday at 4.30 P. M.

Show Men.—Attention is called to the fact that the photographer will be on hand before the Show dinner to fill orders placed with him. It is important that these pictures be settled for at that time.

Class Day Assessment.—The regular assessment of \$5 to cover the expenses of Senior Week is due from all Seniors at once. Albrow, Howe, Miller, Middleton, Donnewald, Starkweather, Packard, Macomber, MacGregor, and Wonsen have been authorized to collect.

1910 DEFEATED BY TUFTS.

In a drenching downpour of rain the Tech Freshmen were defeated by the Tufts Freshmen last Monday by the close score of 5-4. The Tech team excelled the visitors in batting and base running, but their fielding was very inferior. Loutit and O'Hearn did good work for Tech, and Maxcy pitched a very good game, considering the condition of the ball, striking out ten men in seven innings.

The summary follows:

TUFTS 1910.			
	A.B.	RUNS	HITS
Heilen, 2b.	4	2	1
Davenport, 3b.	4	1	0
Martin, 1.f.	4	1	1

THE TECH

Published every Monday, Wednesday, and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act of Congress of March 3, 1879.

In charge of this issue: L. H. KING, 1909.

Wednesday, May 8, 1907.

THE TECH takes pleasure in announcing the election of Mr. Holman I. Pearl, 1910, to the Board of Editors, and the appointment of Mr. W. Duncan Green, 1909, to the News Staff.

When a disagreement between two people working for the same cause reaches such a point that one of them feels called upon to give up that cause, it is to the profit of the others interested that the nature of the disagreement and the merits of the two sides be thoroughly understood, or the cause is apt to lose its most valuable backer. It is often the case that the man who is most enthusiastic in his work, the most whole souled in his devotion, is the most sensitive when he feels that he is being wronged. And it is not right or just that such a question should be allowed to settle itself, and that the man who sits on his job the longest should be declared to be in the right.

There is at present a disagreement among the athletic powers of the Institute. This disagreement has reached a point where last night our coach, John Mahan, felt called upon to resign. The facts of this disagreement are to be found in the news columns of this morning's issue of THE TECH. While THE TECH does not presume to dictate which side of this controversy is in the right, it does wish to emphasize the fact that such an important question as whether Major Briggs or John Mahan is the most valuable to the Institute should be decided by some body that is capable of judging the case on its merits, and not left to chance.

About the best opportunity for determining the merits of this question will be at the Convocation tomorrow. The M. I. T. A. A. is composed of all the students of the Institute, regardless of rank, class, or previous interest in athletics, and there is no reason why this convocation could not be called to order as a meeting of the Athletic Association. It would then be qualified to take official action. The Advisory Council could be abolished, reformed, commended, or censured.

Opportunity knocks once at every man's door. This is the Tech athletes' opportunity. There has always been a lot of kicking here at the way things were done in our athletics. Here is the place where every man will have a chance to voice his opinion by his vote. Here he can help decide whether the Institute most needs John Mahan, the man to whom more than any one else the Tech men owe the present condition of our athletics, the man who has taken our athletics from the street and put them on the best track in New England, the man who has acted as our coach, trainer, faculty representative, and friend, or a parasitical Advisory Council, that has always acted as a drag on athletic progress, that has won the enmity of every manager that

ever acted under its direction, that receives all athletic funds and is grouchy about spending them, and that in all its history has never made a report to the body that created it.

As Milton says: "Whence haply mention may arise Of something not unreasonable to ask."

TECHNIQUE '09, ELECTS OFFICERS.

At the first meeting of the board of editors of *Technique* 1909 in 30 Rogers Monday afternoon, officers were elected as follows: Editor-in-Chief, B. E. Hutchinson; Business Manager, C. G. Koppitz; Treasurer, J. H. Critchett; Art Editor, M. Flagg. The grinds department was assigned to R. H. Allen, and the department of class histories to M. R. Scharff. The next meeting will be held Monday at 5 P.M. in the Trophy Room.

COACH MAHAN RESIGNS.

(Continued from Page 1.)

ment of the authorities at the Institute, on the work of construction. To show the economy of construction, it is stated that the work on Tech Field in its present condition has cost the Corporation about \$8,000.

When interviewed last evening, Mr. Mahan would give out no statement as to reasons, saying only: "I am extremely sorry that I have to take such a step, but circumstances have arisen such that other action is impossible. I have become a Tech man in spirit, can handle and understand Tech men, and it will be hard for me to leave so many good friends." He answered in a decided negative when asked whether he would reconsider his action.

From a man closely connected with the Institute corporation it was learned that the real trouble was over money matters, the trouble being between the Advisory Board and Mr. Mahan. It seems that the Executive Committee of the Corporation voted last fall a sum of money to be used as an increase in Mr. Mahan's salary in recognition of his services in athletics. He was receiving under contract a fair salary, not commensurate with his position or the salaries received by coaches at other schools.

As soon as this money was received from the Executive Committee, certain members of the body wished to cut Mr. Mahan's salary. Mr. Mahan resigned immediately, but upon promise of the full salary, returned to the position. The Advisory Council then gave the money out regularly until it secured control of the money. The action then taken was to make this sum pay for Mr. Mahan's work for the year around. As this action seemed to be over-riding his contract, and break in faith, Mr. Mahan decided on this course out of the difficulty. Major Briggs, chairman of the Council, holds to the opinion that the Advisory Council has full control of the

money to do as it wishes with it, while from a statement from the Executive Committee through President Pritchett, Mr. Mahan holds that the money was given for the express purpose of increasing his salary for the school year.

SHOW DINNER FRIDAY EVENING.

The Tech Show dinner invitations have been sent out, and on Friday evening May 10, there will gather at the Union a crowd of professors, students, and friends of the Institute that will long make the evening memorable to the lucky ones.

President Pritchett is to honor the occasion with an informal talk, now so difficult to obtain, and it is rumored that many surprising features will be on hand. Speeches, stories, and stunts will pass away the time after a real meal. The photographer will be on hand to deliver the pictures that have been ordered, and it is possible some announcements concerning next year's show will be made.

READING NOTICES.

Special and Condition Examinations.**Conflicts.**

All condition and special examinations granted by the Faculty are to be taken at this time, unless otherwise specifically authorized, but entrance condition examinations are to be taken at the regular entrance examination period in June or September. Students entitled to examinations not on this schedule and those having two examinations on the same day, also candidates for graduation having examinations scheduled later than Tuesday, May 28, should hand in one of these schedules if checked for all their examinations not later than Thursday, May 16. Assignments will be made for special examinations and new appointments for conflicts, which will be mailed on Saturday, May 18. None can be arranged later.

Reports will be mailed June 10 to home addresses to students of age and to the parents or guardians of others. None can be given out verbally. Requests for duplicates will be received, with address, until May 22.

*For conditioned students only.
†Regular and condition examinations.
††Students wishing appointments for examinations not scheduled on account of conflicts should sign here (no change is to be made on account of the assignment of Business Law and other subjects to May 21):
